Black Rock Trial Lawyers Announces Negligence Claim Against Hilton Grand Vacations

TAMPA, Fla. — October 23, 2026 — Black Rock Trial Lawyers, PLLC, represents an injured guest in a negligence claim against Hilton Grand Vacations Inc., doing business as Hilton Grand Vacations Club SeaWorld Orlando. The complaint alleges that a drain cover concealed beneath mulch and debris caused the guest to fall and suffer serious injuries.

According to the complaint, the incident occurred at night on or about January 17, 2025, while our client was lawfully visiting the timeshare. As the guest walked near a curb at the edge of the parking lot, the guest's foot caught on the concealed drain cover. The complaint alleges that the mulch and debris were the same color as the storm drain, making it indistinguishable from the surrounding surface.

The complaint alleges that Hilton Grand Vacations failed to reasonably inspect and maintain the premises, correct dangerous conditions it knew or should have known about, and provide necessary warnings or safety signs. It further alleges deficiencies in safety protocols, training, inspections, and repairs. According to the complaint, the fall occurred in an area where guests should have been expected to walk, and the hazard was not readily apparent.

Our client alleges permanent bodily injuries, pain and suffering, disability, mental anguish, and diminished enjoyment of life. The complaint also describes medical expenses, lost earnings, reduced future earning ability, and aggravation of preexisting conditions, with losses alleged to be permanent or continuing.

Through the claim, our client seeks compensation for past and future medical care, lost wages, and the physical and emotional consequences of the incident. The complaint requests compensatory damages, costs, interest as provided by law, and a jury trial.

These are allegations. Liability and damages remain to be determined.
